

## DESCRIPTION AND PURPOSE OF THE WIC AND NUTRITION MANUAL

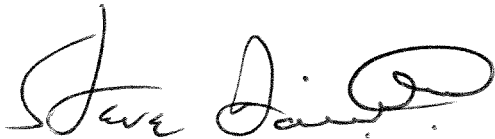

The WIC and Nutrition Manual contains policies and procedures for local health department personnel who work with/or administer the WIC Program, WIC Breastfeeding Peer Counselor Program, WIC Farmers' Market Program and Community and Medical Nutrition Therapy Program.

This manual contains policies, procedures, protocols, definitions and actions for the local health department to use in carrying out the above listed Programs. The policies, procedures and protocols are intended to be used without modification. However, in certain instances as specified, the local health department will need to develop additional guidelines for local level use.

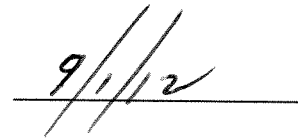

If there are any questions about this Manual or interpretation of its policies and procedures, please contact the Nutrition Services Branch at 502-564-3827.
